

# Halogen Shop Lamps

Introducing Fowler's new line of Halogen lamps. These stylishly designed, durable lamps are ideal for a wide range of applications including the lab, office, warehouse and machine shop. Chip resistant, oil and waterproof, they are also ideal for operating under extreme conditions. The new Fowler lamps also include a special reflector that delivers 30% more light than it's class.

- Furnished with transformer base.\*
- Offers three different mounting methods:\*
  - Screw tightening (included)
  - Angle support plate
  - C clamp (included)
- Bases made of engineering plastic, are absolutely insulated, giving maximum safety without electric leakage interfering machine control circuits.\*
- Each lamp includes bulb and c-clamp.\*

### #52-630-401,441 Goose Neck Lamps

- Shades, insulated and made of engineering plastic.
- On/off toggle switch conveniently located on the top of lamp head.
- Compact and easy to position.

### #52-630-411,447 Short Lamps
