

#52-239-001

#52-239-002

ULTRA-MICROMETERS, recently introduced by Fowler, are master micrometers of extremely high accuracy. This stylishly designed tool is modestly priced.

- Unique ratchet design allows one-hand operation
- Large insulated plates on the frame prevent changes in readings due to temperature fluctuation
- Carbide tipped anvils
- Easy-to-read crisp graduations on satin chrome micrometer barrel
- Positive-spindle lock to hold measurements
- Graduation 0.0001"
- Furnished in handsome fitted cases with certificate of accuracy and adjusting wrench
- Accurate within $\pm .0001$ " for 0—1" and 1—2" sizes.

#52-239-103
