

Fowler

Depthmatic Rivet Gage

Fowler/Bowers' Electronic Depthmatic Rivet Gage—a new concept for measuring rivets. Accurate measurements are achieved quickly and simply on the shop floor or in inspection.

IDEAL FOR AIR-CRAFT REPAIR & MAINTENANCE

Special Features

- Measuring range 0—.5" (0—13mm).
- Switchable resolution .0005/.00005" or .01/.001mm.
- Fast action slide.
- Large clear LCD display for easy reading.
- RS232C output.
- Two reference memories.
- Preset recall.
- Min/Max/TIR and tolerance modes.
- Handy pocket size. Ideal for the workshop.
- 4-48 thread allows interchangeable contacts for different rivet head configurations.
- Lift up plunger to place contacts over rivet head.
- Three hardened steel radius-shaped contact feet permit rivet checks on flat and curved surfaces.

Order No.	Description
54-275-777	Depthmatic Depth Gage for rivet height measurement
54-115-333	Computer connect kit. Includes 80"(2m) connecting cable with 9 pin IBM compatible, 9/25 pin adaptor, support disk and instruction book.
