

# Fowler

## Depthmatic Rivet Gage Plus

Fowler/Bowers' new Electronic Depthmatic Rivet Gage—a new concept for measuring rivets. Accurate measurements are achieved quickly and simply on the shop floor or in inspection. The large LCD display faces upward for convenient viewing.

### Special Features

- Measuring range 0—.5" (0—13mm).
- Switchable resolution .0005/.00005" or .01/.001mm.
- Fast action slide.
- Large clear LCD display for easy reading.
- RS232C output.
- Two reference memories.
- Preset recall.
- Min/Max/TIR and tolerance modes.
- Handy pocket size. Ideal for the workshop.
- 4-48 thread allows interchangeable contacts for different rivet head configurations.
- Lift up plunger to place contacts over rivet head.
- Three hardened steel radius-shaped contact feet permit rivet checks on flat and curved surfaces.

IDEAL FOR AIR-CRAFT REPAIR & MAINTENANCE

LCD display faces upward for easy viewing.
