

#52-155 Series Surface Gage
a popular tool for layout, transfer and measurement work. The base of Fowler's Surface Gage is hardened throughout and features a V-groove for use on round shafts or flat surfaces.

- Fine adjustments may be obtained for quick and accurate settings with the knurled thumb screw.
- Spindles are available in 4", 7", 9" and 12" lengths.
- Retractable pins in base for work on flat surfaces.
- A V-groove is incorporated in the ground steel base for mounting on round work.
- Fine adjustment of the spindle may be made to any angle above or below the base.
- The scriber head also features a spring control.
- Double-ended scriber included.
- Base is fully hardened throughout.
- Available in standard size and mini-model version.
- Clamp can also hold test indicator stems.
