▲ 54-820-001—005
view shows the contact pads on the bottom of the base.

The Levelmeter "Light" is a simplified version of the Levelmeter 2000. More versatile than the #54-830-500 Remote Display, the Levelmeter "Light" can be used as the main display unit for Leveltronic NT's or as an interface between instrument and PC.

The Levelmeter "Light" can be used with the Wyler Minilevel NT and Leveltronic NT as well as the Wyler Zerotronic family.

Wyler's Screw-On bases fit the following levels:

- 54-805-150, 54-820-100
- 54-830-116, 216 & 54-840-216

L=	2"	54-820-001
	3"	54-820-002
	4"	54-820-003
	5"	54-820-004
	6"	54-820-005
