

Carbide "Super Scriber"

The Fowler carbide "Super Scriber" is another example of high quality Swiss workmanship—long lasting, durable, reliable, and lightweight and rugged.

Special Features:

- The slightly tapered shape and small diameter of the carbide metal scriber tip $\frac{1}{16}$ " (1.5mm) make it easy to use the "Super Scriber" in hard-to-get-at places.
- When in its retracted position, the scriber tip is protected.
- A handy clip provided for easy portability.
- The end piece is hardened and tempered, and the carbide point is easily replaced.
- Knurled handle for a firm grip.
- Overall length 6 $\frac{1}{2}$ ".
- Replaceable carbide refills are available.
- A plastic protective package is supplied.
