Bulletin #210

## Fowler introduces the ProMax-Cal Electronic Calipers

**3** Year Warranty  
Fowler

**P**roMax-Cal electronic calipers, recently introduced by Fowler, include all the fine features of Euro-Cal®III, including Sylvac's new patented, high accuracy capacitive sensor and the addition of a thumb wheel.

- Inside, outside, depth & step measurement.
- Accuracy .001" (.02mm); resolution .0005" (.01mm); repeatability 1 digit 10µm ±2s.
- Internal top cross jaw.
- Hardened stainless steel construction.
- Temperature range 5—40c working; -20 to 60c in storage
- Incremental floating zero. Deviations are read out directly with no math.
- Direct inch/metric conversion.
- Increased measuring, tracking speed of approximately 60"/second.
- Zero button may be reconfigured as a hold button. If tool is used for SPC, it'll automatically be configured as a data output switch.
- Large, high contrast LCD display indicates in/mm, hold, and zero functions.
- Hold feature freezes display for later viewing. Ideal for hard to reach places.
- Low drain, high efficiency lithium wafer battery—4500 hrs. of continuous on time. Life extended 2—3 years with on/off switch.
- **Direct** RS-232C output allows connection of the tool to any computer or printer without the need of an interface.

Order No.	Description	Price Ea.
54-200-777	0—6" (0—150mm) ProMax-Cal	\$149.50
54-200-888	0—8" (0—200mm) ProMax-Cal	265.00
54-115-333	Computer Kit	130.00
54-100-350	Replacement lithium battery	5.00
